HINT: USE CANVA

CANVA

FOR QUICK GRAPHIC DESIGN

WHAT CAN I DO WITH CANVA?

- Canva provides a simple new way to design.
- Canva gives you the tools you need to create stunning graphics to convey your message.
- Canva can be used for creating presentations, developing proposals, creating blog graphics, and social media posts.

TODAY'S AGENDA:

- Create an account
- Learn the different Canva tools
- Practice with "The Beginners Challenge" (find it at bit.ly/brlacanva2019)
- Learn Tips and Tricks
- Explore the website (templates, images, etc)

TIPS AND TRICKS:

- Use high quality images to avoid grainy images
- Go to "download" on a paid template to see which images or elements cost money and can be replaced
- Find free images at pexels.com OR search.creativecommons.org. You can also find usage rights on Google images under "Tools"
- Use .jpg or .pdf for printed materials and .png for web graphics
- For librarians: useful templates are "Bookmark", "Book Cover", and "Worksheet"
